

Pupil premium strategy statement 2024-2027

This statement details our school's use of pupil premium for the 2024 to 2025 academic year funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Statement of intent

At East Huntspill Primary Academy, we are committed to ensuring that every child has the opportunity to achieve their full potential, regardless of their background or circumstances. We recognise the challenges faced by disadvantaged pupils and are dedicated to providing targeted support to address these barriers to success. Our statement of intent for pupil premium and disadvantaged pupils in our primary schools outlines our commitment to equity, inclusion, and excellence in education.

Our intention is clear: to empower all pupils, irrespective of their socio-economic background or the challenges they may face, to make significant progress and achieve high levels of attainment across all subject areas. We firmly believe that every child has the right to access quality education and that no child should be left behind due to circumstances beyond their control.

The focus of our pupil premium strategy is to provide tailored support to disadvantaged pupils, including those eligible for Free School Meals (FSM), children in care, and those from service personnel families. We understand the importance of removing financial barriers to education and we are dedicated to closing the attainment gap by ensuring that these pupils receive the additional resources, interventions, and opportunities they need to thrive academically and socially.

Research demonstrates that pupils from deprived backgrounds often underachieve compared to their peers. Therefore, it is imperative that we utilise pupil premium funding effectively to enable these pupils to succeed. Our approach is rooted in evidence-based practices and informed by robust diagnostic assessment, ensuring that support is targeted and impactful.

We adopt a whole-school approach, with every staff member taking responsibility for the outcomes of disadvantaged pupils. We foster a culture of high expectations, where we believe in the potential of every child and are committed to challenging them to reach new heights of achievement. Early intervention is key, and we act swiftly to address any barriers to learning as soon as they are identified.

Our commitment to the success of disadvantaged pupils extends beyond academic achievement. We strive to nurture their holistic development, supporting their social, emotional, and well-being needs to ensure they flourish both inside and outside the classroom.

In conclusion, at East Huntspill Primary Academy we are dedicated to championing the rights of disadvantaged pupils and maximising their potential through targeted support, high expectations, and a commitment to excellence. By working collaboratively with families, stakeholders, and the wider community, we aim to create a nurturing and inclusive environment where every child can thrive and succeed.

Principles

- We ensure that teaching and learning opportunities meet the needs of all the pupils;

- we ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed;
- in making provision for socially disadvantaged pupils, we recognise that not all pupils who receive pupil premium funding will be socially disadvantaged;
- we recognise not all pupils who are socially disadvantaged are registered or qualify for pupil premium funding. We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as socially disadvantaged.

School Context

East Huntspill Primary Academy is a small rural primary school located in the village of East Huntspill, which is near Highbridge and Burnham on Sea in Somerset. We have 78 children on role from EYFS through to Year 6. We have four mixed aged classes – Reception/Year 1, Year 2/3, Year 4/5 and Year 5/6.

Ultimate Objectives

To narrow the gap between advantaged and non-disadvantaged pupils nationally and also within internal school data.

For all disadvantaged pupils in school to exceed nationally expected progress rates in order to reach at least age related expectations at the end of KS2 and subsequently helping them to achieve GCSEs in at least English and Maths.

Part A: Pupil premium strategy plan

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Outcomes: Lower-attainment across core areas (reading, writing, maths) from our disadvantaged learners. 33% ARE (with 22% above ARE); compared to just 17% (with 17% above ARE for non-disadvantaged learners.)
2	Attendance: Our data over the last 3 years indicates that attendance among disadvantaged pupils has been roughly in line with our non-disadvantaged pupils, however this did take a small dip last year (93.1% disadvantaged compared to 95.5%). The number of PA children remains an issue in our school (from 4.5% 2023-24, to 12% 2024-25). This is of particular concern among our disadvantaged pupils as it had reduced in the last two academic years (11% 2022-23 - compared to 8% 2023-24, unfortunately this jumped to 24.3% in 2024-25, however this is one child with an EHCP, who was on an agreed reduced timetable following a PEX from a different school.
3	Oral Language Skills: Assessments, observations, and discussions with pupils indicate under-developed oral language skills and vocabulary gaps among many disadvantaged pupils. These are evident from Reception through to KS2 and in general, are more prevalent among our disadvantaged pupils than their peers.
4	Behaviour for learning: Our assessments, observations and discussions with pupils and families have identified social and emotional issues for many pupils, notably due to: lack of resilience, increase in mental health issues such as anxiety, speech and language difficulties, and a lack of enrichment opportunities during school closure. These challenges particularly affect disadvantaged pupils, including their attainment.
5	Family engagement: Following the post-pandemic period (the last three academic years) there has been a change in need for our families. For some there has been a misalignment in expectations of responsibility between home and school. We continue to try to be proactive with our support rather than reactive. There is a mixture of practice in place including Forest School; speech and language; social and emotional support (including anger management; self-regulation work). Our commitment and investment (time and money) into the Thrive Approach and a PFSA, has begun to support our preventative measures work most effectively. Discussions with families have highlighted evidence of low aspirations, lack of cultural capital particularly in relation to enrichment activities and some evidence of a lack of family support. These challenges particularly affect our disadvantaged pupils and negatively impact upon their attendance and subsequent attainment.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria	Challenge Addressed
<p>Over the next three years disadvantaged children are working at ARE in reading, writing and maths and prime areas in EYFS by the end of KS1.</p> <p>Disadvantaged children pass their phonics assessment in Year 1.</p>	<p>Over three years this gap will close in line with national data.</p> <p>At least 80% of disadvantaged children achieve intervention targets (non-SEND) where applicable.</p> <p>All pupils make good progress in their early reading development and those identified in the lowest 20% make accelerated progress.</p>	1,2,3
<p>Over the next three years maths, reading and writing attainment for disadvantaged pupils at the end of KS2 will improve to at least the national average.</p>	<p>70% of disadvantaged children (non-SEND) are ARE.</p> <p>Increased number of disadvantaged children are working at ARE in maths.</p> <p>Increased number of disadvantaged children are working at ARE in maths.</p>	1,2,3
<p>Children will know more and remember more as a result of a broad and balanced curriculum.</p> <p>Wider curricular activities.</p>	<p>Children will have an increased understanding and experience of opportunities outside of school and their home environment.</p> <p>Children can draw on and apply their experiences through multiple areas of learning.</p> <p>Children will have an increased knowledge of the world away from their home.</p>	4,5
<p>Disadvantaged children are more resilient. Emotional and behavioural barriers are impacting less on children's learning.</p>	<p>Reduction in behaviour incidents.</p> <p>Increase in the amount of time in school.</p> <p>All disadvantaged children achieve intervention targets where applicable.</p> <p>All disadvantaged children achieve pastoral support plan targets where applicable.</p> <p>School will continue to signpost families towards early help.</p> <p>Teachers will use Thrive Approach (including assessments) which will inform planning.</p>	4,5

<p>To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.</p>	<p>Ensure attendance of all children including disadvantaged children is above 96%.</p> <p>The percentage of all pupils who are persistently absent being less than 5%(2021 data) and the figure among disadvantaged pupils being in line with their peers.</p>	<p>1,2</p>

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2024 to 2025 academic year.

Many of our children are from one of the highest areas of deprivation in the country, certainly the highest in Somerset and some many children who don't qualify for additional funding are still facing extreme circumstances in their daily life and this in turn is undoubtedly having an impact on our families. Knowing and understanding the barriers our community well and the significant issues that as a whole our community faces. In addition many of our disadvantaged learners are also either on our SEN register or have an EHCP.

Sadly attainment for disadvantaged pupils was still below non-disadvantaged children in many areas in the 2024-25 academic year. Interestingly however at the end of KS2 there were more disadvantaged learners achieving higher than ARE (22%) compared to non-disadvantaged (17%) However it is important to recognise that within this academic year we were still feeling the impact of the Covid-19 pandemic. Although we are now four years away from the start of the pandemic, there was a great deal of absence from both children and staff as a result of the viruses (Covid and others) still being present. Attitudes and reactions towards illnesses are different since the pandemic and we continue to work hard to ensure children and families are safe in school. We also have an issue with persistent attendance of our disadvantaged learners at EHPA and this is something we are working very hard on but more still needs to be done.

There was significant progress in the teaching of phonics due to the embedding of Read Write Inc to the school. This enabled all pupils to make good progress in their phonics learning from their different starting points. There was also significant improvement in KS2 in all areas. However, an area for development is maths across the school and writing in KS1 to ensure the best outcomes for children by the end of their primary phase. This year we changed our safeguarding portal to My Concern which continues to enable all staff to report robustly and consistently any safeguarding concerns shared with the safeguarding team. This procedure enables safeguarding leads to track concerns more effectively and ensure needs are met more efficiently both within school and with external agencies. We are very proud of the positive engagement we have with our wider community, we have excellent attendance at school events including our learning review meetings. We will continue to work hard in this area.
